Greta Meckaj
Kristiana Cukaj
Marina Collaku
PavlinaHysko

Members Absent: None

Topics Discussed:

During the meeting we discussed regarding the sketches of the system.

At the end we decided to revise some points of the sketches that we had already made.

We tried to create ideas of how the application should look like in order to have an efficient functioning.

Discussed about the most efficient way to make the connection between our three main interfaces (admin, team leader, economist)

What we also pointed was finalizing the document about the requirements.

Wrote down functions for every button so it would be easier to complete the requirement specification document .

Decisions Made:

1. Decisions were made about the final view of the sketches.
2. Decided about the final function about every page and the connection of each of them between each other
3. Everyone was assigned a part of the requirement documents

Tasks Assigned:

1. Greta would take care the doing the final sketches considering everything that was discussed and the given ideas
2. Everyone would finish their parts of the requirement document

3. Everyone will try to keep up with their github personal log pages
4. Marina and Pavlina will try to create an idea of the front end of one of the pages(Log in)

Time, Place, and Agenda for Next Meeting:

17:30-19:00 on April 25, 2020 we will have an online meeting.
